Derived from ammonium sulfate	

Product Details

Cavalry™ Liquid AMS is a convenient 3.4 lb/gal liquid formulation of ammonium sulfate.

Cavalry Liquid AMS is designed for use with glyphosate, glufosinate and other pesticide formulations that require ammonium sulfate.

Application Directions

FOR GLUFOSINATE: Use Cavalry Liquid AMS at a rate of 3.5-7 pt/A to provide the equivalent of 1.5-3 lb/A. Add according to the directions on the pesticide label. Weed type, weed height, environmental conditions and other factors can impact use rate.

Do not premix with concentrated oil or lecithin products. Add each product separately.

FOR GLYPHOSATE: Use Cavalry Liquid AMS at a rate of 2.5-5 gal/100 gal to provide the equivalent of 8.5-17 lb/100 gal. Add according to the directions on the pesticide label. Weed type, weed height, environmental conditions and other factors can impact use rate. Do not premix with concentrated oil or lecithin products. Add each product separately.

Package Size

2 x 2.5 gal | 275 gal
